

FREE Community Workshop

School-based Therapy and Clinic-based Therapy: **What's the difference??**

**Should your
child be getting
one or the other
or both?**

A doctor's medical goals regarding occupational & physical therapy or the family's functional goals and the goals of the school's therapist often differ.

We will present the differences between school-based therapy and clinic-based therapy to help families be aware of all the services that can benefit children the most.

Come learn what you may be entitled to, the current laws, and pro's & cons of both

Presented by Mary Hydorn, PT and practice owner

Tuesday November 1, 2016 — 7:30 - 9:00 pm

7822 Andersonville Road Clarkston Clinic

RSVP TO ATTEND IF YOU ARE A PARENT OR A PROFESSIONAL THAT WORKS WITH THE SPECIAL NEEDS OF CHILDREN OR IF YOU REFER CHILDREN FOR THERAPY. WE EXPECT THIS WORKSHOP TO FILL UP QUICKLY SO PLEASE CALL EARLY AND RESERVE YOUR SPOT.
