

Speech & Language Development

Free Community Workshop

- Does your child have trouble with their speech?
- Does your child say less than the average number of words or phrases for their age level?
- Is it difficult to understand your child's speech?
- Does your child receive speech services from your school?
- Is your child unable to communicate their wants and needs to you?
- Does your child have difficulty with social or play interactions?

Interested in learning more about tools for growth, stages of language development, warning signs, disorders, and intervention techniques?
