

Workshop & Training Topics

Basics of Sensory: Learn about our senses, sensory differences, and how these sensory differences impact participation in daily life.

Sensory Diet: Sensory diets are an effective way to assist with sensory challenges. Learn about sensory integration and sensory integration dysfunction, and ways to address these challenges with a sensory diet.

Sensory Processing and Behavior: Learn how to distinguish between sensory and behavior with this presentation.

School based therapy and Clinic based therapy... What's the difference?: Gain an understanding of the special education laws, school therapy, and clinical therapy. We will provide you with resources and information necessary to determine what best suits your child.

Developmental Delays: Recognize signs of potential developmental delays including gross motor, fine motor, and speech skills to better help your child reach their maximum potential.

Handwriting: Learn about appropriate developmental multi-sensory tools and strategies to aid in all styles of learning.

Common Childhood Feet Conditions: Learn about common gait and foot structure conditions and treatment techniques.

Speech and Language Development: Learn about the stages and warning signs of speech & language development from birth to 6 years of age, and what you can do to help.

Struggling Child in the Classroom: How to identify your child's difficulties and learn some improvement strategies to improve academic performance and participation.

Picky Eating: Learn some of the reasons behind fussy eaters, and gain suggestions and strategies to improve mealtime struggles.

Interactive Metronome for Parents: Researched based computer programmed training for clinical benefits and functional gains for movement that will help with everyday life.

Oral Motor: Learn how the jaw, lips, and tongue can affect feeding/eating and speech development.

Sensitivity Training: Training for staff in the community working with children with special needs and their families, helping to provide an inclusive setting for children of all abilities.

If interested in any of these topics, call and schedule a workshop or training today!

We also offer temporary or permanent contract PT, OT & SLP staffing solutions.
